

Memorandum of Understanding
Between

Sanborn Regional High School
And
The Fremont School District

Regarding the Afternoon Transportation of non-Fremont Students on North Reading Transportation
School Buses

Whereas, North Reading Transportation (NRT) may safely, and in compliance with its insurance coverage, transport Kingston and/or Newton Sanborn Regional High School (SRHS) students from Sanborn Regional High School to the homes of Fremont students attending Sanborn Regional High School, the Fremont School District agrees that the high school may give permission for any such students to engage thus. The Fremont student, to whose home the Kingston or Newton student is traveling, must be present on the bus.

The logistics of how students are to be given permission to ride the NRT afternoon buses to Fremont is left to the administration of SRHS and NRT to determine.
