

FREMONT SCHOOL DISTRICT
JOB DESCRIPTION

POSITION TITLE: Speech-Language Pathologist

CONTRACT TYPE: Related Services Contract

JOB GOAL: To provide speech-language services in accordance with the New Hampshire Rules for the Education of Children with Disabilities, IDEA, Section 504 and Fremont School District curriculum, instruction, and assessment frameworks.

QUALIFICATIONS:

1. Valid speech-language pathology license from NH Office of Allied Health Professionals
2. Master's degree in speech-language pathology or communication sciences and disorders
3. Certificate of Clinical Competence from the American Speech-Language-Hearing Association
4. Experience and other qualifications as specified by the Superintendent

REPORTS TO: Special Services Director

PERFORMANCE RESPONSIBILITIES:

- Understand and employ communication science (natural language acquisition, phonetics and phonology, speech and hearing science, basic audiology, anatomy and physiology of the speech and hearing mechanism, neurology for speech and language pathology, and swallowing) when assessing, developing IEP goals and services, providing services, and reporting IEP progress
- Implement intervention techniques related to a broad range of disabilities (fluency disorders, organic pathologies, articulation disorders, phonological disorders, language disorders, literacy disorders, auditory perception, and voice disorders) which might affect their academic performance
- Implement intervention techniques for students who are unable to use speech as a primary method of communication and thus require augmentative and alternative communication (AAC) methods such as sign language and speech generating devices
- Administer and interpret the results of a variety of formal and informal screening tools and diagnostic instruments in the areas of phonology and articulation; early childhood and school age language; oral language as it relates to reading, spelling and writing; dysarthria; apraxia; dysphagia; fluency; hearing; voice; and augmentative and alternative communication (AAC) systems
- Administer, analyze, and interpret the results of standardized formal and informal assessment methods used to identify the presence of a communication disorder for the purposes special education regulations and laws
- Collect quantitative as well as qualitative data to write IEP goals, determine services, and assess student progress with his or her IEP goals and curriculum
- Collaborate in the development and implementation of individualized education programs and accommodation plans
- Participate in team meetings, including parent conferences

- Participate in the IEP/504 process, including collaboratively determining the need for speech-language therapy as a related service
- Form partnerships and work with other team members in the school setting to promote an effective speech-language therapy plan of care
- Implement various models of school-based service delivery such as individual and group and direct, collaborative and consultative relative to specific communication disorders
- Coordinate the provision of speech-language services with other school personnel who provide non-speech and language services to students
- Apply evidence-based practices in developing and integrating therapeutic goals within the classroom, curriculum or both
- Utilize augmentative and alternative communication systems to foster the participation, interaction, and inclusion of children for whom speech is not their primary mode of communication
- Direct para-educators or tutors in targeting and generalizing speech and language objectives throughout the student's school day
- Analyze, evaluate, and employ curriculum and classroom-based supports which target communication, language, reading and writing
- Employ a variety of speech and language-based behavioral management techniques in the school setting
- Evaluate and modify individual student programs as necessary to attain treatment objectives in relation to the curriculum and therapeutic goals based on on-going assessment
- Employ goals, activities, and services for integrating life skills into specific subject areas and related services to promote independent living, social and interpersonal skills and to assist students in transitions, including entry into school, grade to grade, and school to school
- Maintain accurate records of speech-language services including those necessary for Medicaid to Schools
- In the area of special education law, demonstrates the ability to understand and communicate the federal law, state law, local policies and the New Hampshire Standards for the Education of Children with Disabilities in Ed 1100 regarding the special education process
- Complete presentations/workshops to staff and families regarding speech-language services and interventions
- Employ professional and ethical practices, including maintaining confidentiality and advocating for appropriate services and sound educational practices for students with disabilities

OTHER

Although primarily assigned to provide services to students attending Ellis Elementary School and the Fremont Preschool Program, the Speech-Language Pathologist may be assigned services to students in out of district placements, who have an alternative learning plan, or who are in a community-based transition program.

The Speech-Language Pathologist may perform any additional duties as requested by the Director of Special Services or designee, which are consistent with the effective and orderly operation of this position and the Fremont School District goals and mission.
