

# FREMONT SCHOOL DISTRICT

## GUIDELINES FOR THE PROCESS OF SETTING ANNUAL BUS ROUTES

1. New Student registration day will be moved to the end of July.
2. The objective is to post the bus routes online and push out to parents two weeks before school opens, approximately August 12th.
3. There will not be any changes to routes the first two weeks of school, unless there is a serious safety concern. Any and all changes will be made the third week of school to minimize disruption to the schedule.
4. The arrival time of the buses at Ellis School is 8:25am so that students can be in their homerooms at 8:30am to start school.
5. The "right side" restriction is for K-4th graders only on Beede Hill, Sandown, Main, and Brentwood streets.
6. K and Gr1 get picked up at their door.
7. On or before July 9th, Ellis will provide Provider with a list of students/grades/ and addresses.
8. By August 5th, Provider will provide Ellis with a set of draft routes for review.
9. At the end of the school day, buses are loaded by grade level and leave when loading is complete.

### **These disclaimers will be visible on each posted bus route:**

1. Stop times are estimates. Please allow for + or - five (5) minutes to that time for pick-up on any given day.
2. There will not be any changes to routes the first two weeks of school, unless there is a serious safety concern. Any and all changes will be made the third week of school to minimize disruption to the schedule.
