Removal and Disposal of an Underground Oil Tank

Bid Requirements

The Fremont School District, by its School Board (hereinafter called the "District") seeks bids from responsible parties for the **Removal and Disposal of an Underground Oil Tank** at Ellis School, 432 Main Street, Fremont, NH 03044.

GENERAL CONDITIONS:

- A Pre-Bid Meeting has been scheduled for Thursday, May 25, 2017 at 10:00 a.m. at the site: Ellis School, 432 Main Street, Fremont, NH 03044.
- The successful bidder shall have visited the site of the proposed work in order to fully acquaint and familiarize himself with conditions as they exist and the character of the operations to be carried out under the scope of this contract and make such on-site and subsurface investigations as he may see fit so that he understands fully the site, facilities, difficulties and any restrictions attending the execution of this work. The failure or omission of the successful bidder to receive or examine any form, instrument, and document or to visit the site and acquaint their company with the conditions there existing, shall in no way relieve him from any obligations with respect to the performance of the proposed contract.
- Contractor must provide proof of workers' compensation coverage, proof of hazardous waste coverage (if required), and proof of commercial liability. The liability policies should be \$1 Million per occurrence and \$2 Million aggregate. The School District should be named as additional insured on the liability policies via certificate and endorsement. The bidders should be put on notice that an acceptable contract will be required. The bidders should also be put on notice that they shall be required to defend and indemnify the District for claims arising out of the project. The School District should not be required to defend, indemnify or insure the contract.

- Any damage done by the contractor to Ellis School property is the responsibility of the contractor and should be reported to the Supervisor of Building and Grounds immediately.
- Contractor is responsible for supplying all equipment, off-site storage, materials and labor.
- Contractor shall obtain any and all permits, licenses, and permissions required for the project at the contractor's expense.
- Contractor is responsible and liable for any hazardous material damages incurred during work performed at Ellis School.
- Contractor will maintain all necessary MSDS reports on products used at Ellis School and forward a copy of them to the office of the Director of Buildings and Grounds.
- All work must be performed to accommodate the school's athletic, academic, and social schedule.
- Fremont School District reserves the right to accept or reject any and/or all bids and waive any informality as may be deemed to be in the best interest of Ellis School. The School Board also reserves the right to reject any bid that, in their judgment, does not meet the requirements of these specifications or the needs of Ellis School.
- Bidders are **required** to submit their bid on the attached form.

BID SPECIFICATIONS:

THE CONTRACTOR SHALL:

1. Remove and dispose of a 10,000 gallon underground oil tank located at Ellis School.
2. Obtain the appropriate permits, licenses, permissions, and closing documents.
3. Price shall include all fees for completing the disposal of the tank.
